

PROFESSIONAL TIGHTENING PROTEIN BOOSTER

glymed⁺

Material Safety Data Sheet
Product SKU: US-GM-104

Section 1

CONTACT INFORMATION

GlyMed Plus Skin Care
Provo Utah 84606
Tel: (801) 798.0390 Fax: (801) 798.0393
DATE PRINTED: 09/03/21
NAME OF PREPARER: CINDY KIM
For Topical Cosmetic Use Only

Section 2

HAZARDOUS INGREDIENTS/ SARA III INFORMATION

Basis for Clarification: Based on present data, labeling is required according to GHS.

USA OSHA Regulatory Status: This material is non-hazardous, but can cause eye irritation as defined by the American OSHA Hazard Communication Standard 29 CFR 1910.1200 (A)(1).

Hazard Group: Physical.

Hazard Category: Category 3 for eye irritation.

Labeling Element: Pictograph.

Signal Word: Warning.

Hazard Statement: Causes eye irritation.

Reportable Components: INGREDIENTS: Ascorbic Acid. CAS NUMBER: 50-81-7. % (BY WEIGHT): <0.002%.

Section 3

COMPOSITION INFORMATION

Inci Name

Zea Mays (Corn)Starch
Albumen
Acacia Senegal Gum
Allantoin
Hyaluronic Acid
Ascorbic Acid

Section 4

FIRST AID MEASURES

EYES - No adverse effects are expected under anticipated conditions of normal use. Flush eyes with water as a precaution. Get medical attention if symptoms occur. SKIN - No adverse effects are expected under anticipated conditions of normal use. Get medical attention if symptoms occur. INHALATION - No adverse effects are expected under anticipated conditions of normal use. Get medical attention if symptoms occur. INGESTION - No adverse effects are expected under anticipated conditions of normal use. Do not induce vomiting. Get medical attention if symptoms occur.

Section 5

FIRE AND EXPLOSION HAZARD DATA

Flash Point: Data not available.

Flammable Limits in Air by Volume - LOWER: Data not available. **UPPER:** Data not available.

Recommended Extinguishing Media: Data not available. Use agent most appropriate to extinguish surrounding fire.

Special Firefighting Procedures: Wear full protective clothing including a self-contained breathing apparatus.

Unusual Fire and Explosion Hazard: Data not available.

Section 6

ACCIDENTAL RELEASE MEASURES

Wipe, scrape or soak up in an inert material and put in a container for disposal. Wash walking surfaces with detergent and water to reduce slipping hazard. Dispose of in compliance with federal, state and local regulations.

Section 7

PRECAUTIONS FOR SAFE HANDLING AND USE

Keep containers closed in a cool, well ventilated space. Avoid eye contact. Observe all federal, state, and local regulations regarding disposal.

Section 8

CONTROL MEASURES

Respiratory Protection: No special requirements.

Ventilation: Not Required.

Protective Gloves: Not Required.

Eye Protection: Keep away from eyes.

Other Protective Clothing or Equipment: Not Required.

Section 9

PHYSICAL CHARACTERISTICS

Water Solubility: Soluble.

pH @ 25 C: Data Not Available.

Boiling Point: Data Not Available.

Vapor Pressure (mmHG): Data Not Available.

Physical Form: Powder.

Odor: Characteristic.

Evaporation Rate: Data Not Available.

Specific Gravity (Water=1): Data Not Available.

Appearance: Off White/Light Yellow.

Melting Point: Data Not Available.

Vapor Density (Air=1): Data Not Available.

Percent Volatile by Weight: Data Not Available.

Flash Point: Data Not Available.

Section 10

STABILITY AND REACTIVITY

Stability: Stable under Normal Conditions.

Conditions to Avoid: Extreme Heat and Cold.

Incompatibility: Data Not Available.

Hazardous Decomposition Products: Data Not Available.

Section 11

TOXICOLOGICAL INFORMATION

EYE: Data Not Available SKIN: Data Not Available INGESTION: Data Not Available CARCINOGENICITY: Data Not Available

Section 12

ECOLOGICAL INFORMATION

To the best of our knowledge, this product is not a toxic or ecological risk.

DEGRADABILITY: Data Not Available. BIOACCUMULATION: Data Not Available. ECOTOXICITY: Data Not Available.

Section 13

DISPOSAL CONSIDERATIONS

Must be disposed of in accordance with federal, state, and local environmental control regulations.

Section 14

TRANSPORT INFORMATION

UN Number: Not Regulated.

Proper Shipping Name: Not Regulated.

Hazard Class: Not Regulated.

Packaging Group: Not Regulated.

Environment Hazards: Not Regulated.

IMDG Marine Pollutant: Not Regulated.

Special Precautions for User: Keep away from eyes.

Not a D.O.T. controlled material (U.S.) This product is not regarded as dangerous goods according to the national and international regulations on the transport of dangerous goods.

Section 15

REGULATORY INFORMATION

Sara 311/312 Hazard Categories: ACUTE HEALTH HAZARD - No. CHRONIC HEALTH HAZARD - No. FIRE HAZARD - No. SUDDEN RELEASE OF PRESSURE HAZARD - No. REACTIVE HAZARD - No.

Proposition 65: This product does not need a warning label.

Hazardous Material Identification System Ratings (HMIS):

SCALE: 0=Minimal, 1=Slight, 3=Serious, 4=Severe

THIS PRODUCTS RATING: Health= 0, Flammability=0, Reactivity=0

Section 16

DISCLAIMER

Nonwarranty- the facts stated and the recommendations made herein are based on our own research and/ or the research of others, and are believed to be accurate. No guarantee of their accuracy is made however, and unless otherwise expressly provided in written contract, the products discussed are sold without conditions or warranties, expressed or implied.

Section 2

HAZARDOUS INGREDIENTS/ SARA III INFORMATION

Reportable Components: No reportable quantities of hazardous ingredients are present.

Section 3

COMPOSITION INFORMATION

Inci Name

Water
Glycerin
Polysorbate 20
Pentylene Glycol
Sodium Hyaluronate
Panthenol
Polysorbate 80
Hydroxyethylcellulose
Cannabi Sativa Extract
Tetrahexyldecyl Ascorbate
Tocopherol
Retinyl Palmitate
Phenoxyethanol
Ethylhexylglycerin

Section 4

FIRST AID MEASURES

EYES - No adverse effects are expected under anticipated conditions of normal use. Flush eyes with water as a precaution. Get medical attention if symptoms occur. SKIN - No adverse effects are expected under anticipated conditions of normal use. Get medical attention if symptoms occur. INHALATION - No adverse effects are expected under anticipated conditions of normal use. Get medical attention if symptoms occur. INGESTION - No adverse effects are expected under anticipated conditions of normal use. Do not induce vomiting. Get medical attention if symptoms occur.

Section 5

FIRE AND EXPLOSION HAZARD DATA

Flash Point: Non Applicable.

Flammable Limits in Air by Volume - LOWER: Non Applicable. **UPPER:** Non Applicable.

Recommended Extinguishing Media: Product is non-flammable. Use agent most appropriate to extinguish surrounding fire.

Special Firefighting Procedures: Wear full protective clothing including a self-contained breathing apparatus.

Unusual Fire and Explosion Hazard: Non Applicable.

Section 6

ACCIDENTAL RELEASE MEASURES

Wipe, scrape or soak up in an inert material and put in a container for disposal. Wash walking surfaces with detergent and water to reduce slipping hazard. Dispose of in compliance with federal, state and local regulations.

Section 7

PRECAUTIONS FOR SAFE HANDLING AND USE

Keep containers closed in a cool, well ventilated space. Avoid eye contact. Observe all federal, state, and local regulations regarding disposal.

Section 8

CONTROL MEASURES

Respiratory Protection: No special requirements.

Ventilation: Non Applicable.

Protective Gloves: Non Applicable.

Eye Protection: Non Applicable.

Other Protective Clothing or Equipment: Non Applicable.

Section 9

PHYSICAL CHARACTERISTICS

Water Solubility: Non Applicable.

pH @ 25 C: 4.50–5.50.

Boiling Point: Non Applicable.

Vapor Pressure (mmHG): Non Applicable.

Physical Form: Cloudy Liquid.

Odor: Characteristic.

Evaporation Rate: Non Applicable.

Specific Gravity (Water=1): Non Applicable.

Appearance: Yellow to Beige.

Melting Point: Non Applicable.

Vapor Density (Air=1): Non Applicable.

Percent Volatile by Weight: Non Applicable.

Flash Point: Non Applicable.

Section 10

STABILITY AND REACTIVITY

Stability: Stable under Normal Conditions.

Conditions to Avoid: Extreme Heat and Cold.

Incompatibility: Non Applicable.

Hazardous Decomposition Products: Non Applicable.

Section 11

TOXICOLOGICAL INFORMATION

EYE: Non Applicable **SKIN:** Non Applicable **INGESTION:** Non Applicable **CARCINOGENICITY:** Non Applicable

Section 12

ECOLOGICAL INFORMATION

To the best of our knowledge, this product is not a toxic or ecological risk.

DEGRADABILITY: Non Applicable. **BIOACCUMULATION:** Non Applicable. **ECOTOXICITY:** Non Applicable.

Section 13

DISPOSAL CONSIDERATIONS

Must be disposed of in accordance with federal, state, and local environmental control regulations.

Section 14

TRANSPORT INFORMATION

Not a D.O.T. controlled material (U.S.) This product is not regarded as dangerous goods according to the national and international regulations on the transport of dangerous goods.

Section 15

REGULATORY INFORMATION

Hazardous Material Identification System Ratings (HMIS):

SCALE: 0=Minimal, 1=Slight, 3=Serious, 4=Severe

THIS PRODUCTS RATING: Health= 0, Flammability=0, Reactivity=0

Section 16

DISCLAIMER

Nonwarranty- the facts stated and the recommendations made herein are based on our own research and/ or the research of others, and are believed to be accurate. BLEMISH CONTROL NO. 10

glymed+

with Benzoyl Peroxide

Material Safety Data Sheet
Product SKU: US-GM-23A

Section 1

CONTACT INFORMATION

GlyMed Plus Skin Care
Provo Utah 84606
Tel: (801) 798.0390 Fax: (801) 798.0393
Effective Date: 01/31/01

Section 2

PRODUCT IDENTIFICATION

Product Name: Blemish Control No. 10 with Benzoyl Peroxide.
Chemical Name/Synonym: Mixture.
Chemical Family: Astringent.
Chemical Formula: N/A.
C.A.S. Number: None.
Label Requirements: D.O.T - None D.O.T. SHIPPING NAME - None.

Section 3

HAZARDOUS INGREDIENTS/IDENTITY INFORMATION

Blemish Control No. 10 with Benzoyl Peroxide is a unique blend of non-hazardous chemical ingredients.

Section 4

PHYSICAL/CHEMICAL CHARACTERISTICS

| | |
|---|--|
| Appearance: Off White Gel. | Vapor Pressure (mm Hg): Not Measured. |
| Odor: Slight. | Vapor Density (Air=1): >1. |
| Boiling Point: ~100C. | Solubility in Water: Slightly. |
| Specific Gravity: 0.98-1.01. | Melting Point: N/A. |
| Percent Volatiles at 70 Degrees F: Not Measured. | Evaporation Rate: >1. |

Section 5

FIRE AND EXPLOSION HAZARD DATA

Flash Point (Method Used): N/A.

Flammable Limits: N/A.

Extinguishing Media: Blemish Control No. 10 with Benzoyl Peroxide will not support combustion.

Unusual Fire or Explosion Hazards (Conditions to Avoid): None Known.

Special Fire Fighting Procedures: Use protective clothing & self contained breathing apparatus.

Section 6

REACTIVITY DATA

Stable: Yes.

Unstable: INCOMPATIBLE MATERIALS (MATERIALS TO AVOID) - None HAZARDOUS DECOMPOSITION OR BYPRODUCTS - None HAZARDOUS POLYMERIZATION - Will Not Occur.

Section 7

HEALTH HAZARD DATA

Routes of Entry: Skin

Non Carcinogenic Signs and Symptoms of Overexposure: None.

Medical Conditions and Generally Aggravated by Exposure: Sensitive Skin.

Emergency and First Aid Procedures: EYES - In case of contact, immediately flush with plenty of low pressure water for at least 15 minutes. Remove contact lens, thoroughly flush. If stinging persists, call physician.

Section 8

HANDLING PRECAUTIONS/FIRST AID RECOMMENDATIONS

Steps to Take if Spilled: Blemish Control No. 10 with Benzoyl Peroxide is completely biodegradable. Spills can be flushed with a copious amount of water into the nearest municipal sewage system.

Waste Disposal: In accordance with local, state and federal regulations for non-hazardous biodegradable products.

Precautions to be Taken in Handling and Storing: Store in an upright position and avoid spills. Maintain good housekeeping and safe manufacturing procedures at all times.

Other Precautions: None.

Section 9

SPECIAL PROTECTION INFORMATION

Ventilation Requirements: GENERAL AREA EXHAUST - LOCAL EXHAUST - Not Necessary.

Under Normal Use Conditions: Personal Protection equipment recommended for normal use conditions.

Eye Protection Type: None.

Skin Protection Type: None.

Respiratory Protection Type: None.

Section 10

SPECIAL PRECAUTIONS

Do not store or ship product in freezing conditions (at or below 32 degrees F) and do not store or ship product in elevated temperatures (above 100 degrees F) ideal storage/shipping temperature range is between 40 degrees F and 70 degrees F. Do not store under unsanitary conditions. Do not insert unsanitary objects into product.

Section 11

TOXICOLOGICAL INFORMATION

EYE: Flush with Water SKIN: Non Applicable INGESTION: Consult Physician

Section 12

INGREDIENTS: Panthenol CAS NUMBER: 16485-10-2 %(BY WEIGHT): 0.1%-0.5%

Section 3

COMPOSITION INFORMATION

Inci Name

| | |
|---|--|
| Water | Soluble Collagen |
| Glycerin | Hydroxyethylcellulose |
| Polysorbate 20 | Sorbitan Laurate |
| Prunus Amygdalus Dulcis (Sweet Almond) Seed Extract | Paullinia Cupana (Guarana) Extract |
| Butylene Glycol | Leontopodium Alpinum Callusculture Extract |
| Sodium Hyaluronate | Citrus Aurantium Dulcis (Orange) Peel Oil |
| Acetyl Dipeptide-1 Cetyl Ester | Tetrahexyldecyl Ascorbate |
| Ceramide 3 | Xanthan Gum |
| Panthenol | Phenoxyethanol |
| Pentylene Glycol | Ethylhexylglycerin |

Section 4

FIRST AID MEASURES

EYES - No adverse effects are expected under anticipated conditions of normal use. Flush eyes with water as a precaution. Get medical attention if symptoms occur. **SKIN** - Not expected to present a significant skin hazard under anticipated conditions of normal use. **INHALATION** - Not expected to require first aid procedures. If breathing is difficult, give oxygen and get medical attention. **INGESTION** - Not expected to present a significant ingestion hazard under anticipated conditions of normal use. For ingestion of large quantities, call a physician.

Section 5

FIRE AND EXPLOSION HAZARD DATA

Flash Point: Data not available.

Flammable Limits in Air by Volume - Lower: Data not available.

Extinguishing Media: Data not available. Use agent most appropriate to extinguish surrounding fire.

Special Firefighting Procedures: Wear full protective clothing including a self-contained breathing apparatus.

Unusual Fire and Explosion Hazard: Non applicable.

Section 6

ACCIDENTAL RELEASE MEASURES

Wipe, scrape or soak up in an inert material and put in a container for disposal. Wash walking surfaces with detergent and water to reduce slipping hazard. Dispose off in compliance with federal, state and local regulations.

Section 7

PRECAUTIONS FOR SAFE HANDLING AND USE

Keep containers closed in a cool, well ventilated space. Avoid eye contact. Observe all federal, state, and local regulations regarding disposal.

DATE PRINTED: 01/08/13
NAME OF PREPARER: CHANDRA CANTLY

Section 2

HAZARDOUS INGREDIENTS/ SARA III INFORMATION

Potential Acute Health Effects:

Very hazardous in case of skin contact (irritant), of eye contact (irritant), of ingestion, of inhalation. Slightly hazardous in case of skin contact (corrosive), of eye contact (corrosive). Liquid or spray mist may produce tissue damage particularly on mucous membranes of eyes, mouth and respiratory tract. Skin contact may produce burns. Inhalation of the spray mist may produce severe irritation of respiratory tract, characterized by coughing, choking, or shortness of breath. Inflammation of the eye is characterized by redness, watering, and itching. Skin inflammation is characterized by itching, scaling, reddening, or, occasionally, blistering.

Potential Chronic Health Effects:

CARCINOGENIC EFFECTS: Not available. MUTAGENIC EFFECTS: Not available. TERATOGENIC EFFECTS: Not available. DEVELOPMENTAL TOXICITY: Not available. Repeated or prolonged contact with spray mist may produce chronic eye irritation and severe skin irritation. Repeated or prolonged exposure to spray mist may produce respiratory tract irritation leading to frequent attacks of bronchial infection.

Section 3

COMPOSITION INFORMATION

Inci Name

Water
Isopropyl Alcohol
Aloe Barbadensis Leaf Extract
Lactic Acid
Hamamelis Virginiana (Witch Hazel) Extract
Propylene Glycol
Salicylic Acid
Diazolidinyl Urea
Iodopropynyl Butylcarbamate
Sodium Hydroxide

Section 4

FIRST AID MEASURES

EYES - Immediately flush eyes with plenty of cool water for at least 15 minutes. Should irritation develop, seek professional medical attention. SKIN - Not expected to present a significant skin hazard under anticipated conditions of normal use. INHALATION - Not expected to require first aid procedures. If breathing is difficult, give oxygen and get medical attention. INGESTION - Not expected to present a significant ingestion hazard under anticipated conditions of normal use. For ingestion of large quantities, call a physician.

Section 5

FIRE AND EXPLOSION HAZARD DATA

Eye Contact:

Check for and remove any contact lenses, immediately flush eyes with plenty of water for at least 15 minutes. Cold water may be used. Get medical attention immediately.

Skin Contact:

In case of contact, immediately flush skin with plenty of water for at least 15 minutes while removing contaminated clothing and shoes. Cover the irritated skin with an emollient. Cold water may be used. Wash clothing before reuse. Thoroughly clean shoes before reuse. Get medical attention immediately.

Serious Skin Contact:

Wash with disinfectant soap and cover the contaminated skin with an anti-bacterial cream. Seek medical attention.

Inhalation:

If inhaled, remove to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give oxygen. Get medical attention.

Serious Inhalation:

Evacuate the victim to a safe area as soon as possible. Loosen tight clothing such as a collar, tie, belt or waistband. If breathing is difficult, administer oxygen. If the victim is not breathing, perform mouth-to-mouth resuscitation. WARNING: It may be hazardous to the person providing aid to give mouth-to-mouth resuscitation when the inhaled material is toxic, infectious or corrosive. Seek immediate medical attention.

Ingestion:

Do NOT induce vomiting unless directed to do so by medical personnel. Never give anything by mouth to an unconscious person. Loosen tight clothing such as a collar, tie, belt or waistband. Get medical attention if symptoms appear.

Serious Ingestion:

Not available.

Section 6

ACCIDENTAL RELEASE MEASURES

For Small Spills & Leaks:

Absorb with an inert material material and put spilled material in appropriate waste disposal.

For Large Spills:

Dispose of in compliance with federal, state and local regulations.

Section 7

PRECAUTIONS FOR SAFE HANDLING AND USE

Steps to be taken in case material is released or spilled: Any spills should be cleaned up immediately. Waste disposal method: observe all federal, state, and local regulations regarding disposal.

Other Precautions: none known.

Section 8

CONTROL MEASURES

Respiratory Protection: No special requirements.

Ventilation: Non Applicable.

Protective Gloves: Non Applicable.

Eye Protection: Non Applicable.

Other Protective Clothing or Equipment: Non Applicable.

Section 9

PHYSICAL CHARACTERISTICS

Water Solubility: Soluble.

pH @ 25 C: 2.9 - 3.2.

Boiling Point: >100C.

Vapor Pressure (mmHG): Not available.

Physical Form: Liquid.

Odor: Characteristic.

Evaporation Rate (IP=1): Not available.

Specific Gravity (Water=1): Not available.

Appearance: Colorless.

Melting Point: Not available.

Vapor Density (AIR=1): Not available.

Percent Volatile by Weight: Not available.

Flash Point: Not available.

Section 10

STABILITY AND REACTIVITY

Stability: Stable.

Conditions to Avoid: Eye contact and ingestion.

Incompatibility: Non applicable.

Hazardous Decomposition Products: None.

Hazardous Polymerization: Will not occur.

Section 11

TOXICOLOGICAL INFORMATION

Routes of Entry: Absorbed through skin. Eye contact. Inhalation. Ingestion.

Toxicity to Animals: Acute oral toxicity (LD50): 3543 mg/kg [Rat (Lactic Acid (CAS no. 50-21-5))].

Chronic Effects on Humans: Not available.

Other Toxic Effects on Humans: Very hazardous in case of skin contact (irritant), of ingestion, of inhalation. Slightly hazardous in case of skin contact (corrosive), of eye contact (corrosive).

Special Remarks on Toxicity to Animals: L-Lactic Acid: Lethal Dose/Conc 50% Kill: LD50[Mouse] - Route: Intraperitoneal; Dose: 3194 mg/kg.

Special Remarks on Chronic Effects on Humans: May cause adverse reproductive effects and birth defects (teratogenic) based on animal test data. No human data found.

Other Toxic Effects on Humans: Acute Potential Health Effects: SKIN: Corrosive. Causes severe irritation. May have corrosive effects, producing skin burns. EYES: Corrosive. Causes severe irritation. May cause redness, pain, blurred vision, eye burns and eye/corneal damage. INHALATION: Inhalation of vapors may be corrosive to mucous membranes of respiratory tract. Symptoms may include, headache, sore throat, coughing, and shortness of breath. INGESTION: Corrosive. Causes burns of the digestive tract (mouth, throat, and stomach). May cause diarrhea, nausea, vomiting, perspiration, and shortness of breath. Severe cases may product cyanosis and vascular collapse.

Section 12

ECOLOGICAL INFORMATION

To the best of our knowledge, this product is not a toxic or ecological risk.

DEGRADABILITY: Not available. BIOACCUMULATION: Not available. ECOTOXICITY: Not available.

Section 13

DISPOSAL CONSIDERATIONS

Waste must be disposed of in accordance with federal, state, and local environmental control regulations.

Section 14

TRANSPORT INFORMATION

Not a D.O.T. controlled material (U.S.). This product is not dangerous according to transportation regulations.

Section 15

REGULATORY INFORMATION

For topical cosmetic use only.

Hazardous Material Identification System Ratings (HMIS):

FEDERAL AND STATE REGULATIONS: TSCA 8(b) inventory: L-(+)-Lactic acid

Other Regulations:

OSHA: Hazardous by definition of Hazard Communication Standard (29 CFR 1910.1200). EINECS: This product is on the European Inventory of Existing Commercial Chemical Substances.

OTHER CLASSIFICATIONS:

WHMIS (Canada): CLASS E: Corrosive liquid.

DSCL (EEC):

R37/38- Irritating to respiratory system and skin. R41- Risk of serious damage to eyes. S26- In case of contact with eyes, rinse immediately with plenty of water and seek medical advice. S28- After contact with skin, wash immediately with plenty of water. S36/37/39- Wear suitable protective clothing, gloves and eye/face protection. S46- If swallowed, seek medical advice immediately and show this container or label.

HMIS (U.S.A.):

HEALTH HAZARD: 3 Fire Hazard: 1 Reactivity: 0

PERSONAL PROTECTION:

National Fire Protection Association (U.S.A.):

Health: 3 Flammability: 1 Reactivity: 0

SPECIFIC HAZARD:

PROTECTIVE EQUIPMENT:

Gloves. Full suit. Vapor respirator. Be sure to use an approved/certified respirator or equivalent. Wear appropriate respirator when ventilation is inadequate. Face shield.

Section 16

DISCLAIMER

Nonwarranty- the facts stated and the recommendations made herein are based on our own research and/ or the research of others, and are believed to be accurate. No guarantee of their accuracy is made however, and unless otherwise expressly provided in written contract, the products discussed are sold without conditions or warranties, expressed or implied.

PROFESSIONAL EXFOLIATOR

with 50% Lactic Acid

glymed+

Material Safety Data Sheet
Product SKU: US-GM-055

Section 1

CONTACT INFORMATION

GlyMed Plus Skin Care
Provo Utah 84606
Tel: (801) 798.0390 Fax: (801) 798.0393
Effective Date: 01/31/01

Section 2

PRODUCT IDENTIFICATION

Product Name: Professional Exfoliator with 50% Lactic Acid.
Chemical Name/Synonym: Gel.
Chemical Family: N/A.
Chemical Formula: N/A.
C.A.S. Number: None.
Label Requirements: D.O.T - None D.O.T. SHIPPING NAME - None.

Section 3

HAZARDOUS INGREDIENTS/IDENTITY INFORMATION

Professional Exfoliator with 50% Lactic Acid is a unique blend of non-hazardous chemical ingredients.

Section 4

PHYSICAL/CHEMICAL CHARACTERISTICS

| | |
|---|--|
| Appearance: Clear Pourable Gel. | Vapor Pressure (mm Hg): Not Measured. |
| Odor: Characteristic Lactic Acid Smell. | Vapor Density (Air=1): >1. |
| Boiling Point: ~100C. | Solubility in Water: Completely. |
| Specific Gravity: 0.96. | Melting Point: N/A. |
| Percent Volatiles at 70 Degrees F: Not Measured. | Evaporation Rate: >1. |

Section 5

FIRE AND EXPLOSION HAZARD DATA

Flash Point (Method Used): N/A.

Flammable Limits: N/A.

Extinguishing Media: Professional Exfoliator with 50% Lactic Acid will not support combustion.

Unusual Fire or Explosion Hazards (Conditions to Avoid): None Known.

Special Fire Fighting Procedures: Use protective clothing & self contained breathing apparatus.

Section 6

REACTIVITY DATA

Stable: Yes.

Unstable: INCOMPATIBLE MATERIALS (MATERIALS TO AVOID) - None HAZARDOUS DECOMPOSITION OR BYPRODUCTS - None HAZARDOUS POLYMERIZATION - Will Not Occur.

Section 7

HEALTH HAZARD DATA

Routes of Entry: Skin

Non Carcinogenic Signs and Symptoms of Overexposure: None.

Medical Conditions and Generally Aggravated by Exposure: Sensitive Skin.

Emergency and First Aid Procedures: EYES - In case of contact, immediately flush with plenty of low pressure water for at least 15 minutes. Remove contact lens, thoroughly flush. If stinging persists, call physician.

Section 8

HANDLING PRECAUTIONS/FIRST AID RECOMMENDATIONS

Steps to Take if Spilled: Professional Exfoliator with 50% Lactic Acid is completely biodegradable. Spills can be flushed with a copious amount of water into the nearest municipal sewage system.

Waste Disposal: In accordance with local, state and federal regulations for non-hazardous biodegradable products.

Precautions to be Taken in Handling and Storing: Store in an upright position and avoid spills. Maintain good housekeeping and safe manufacturing procedures at all times.

Other Precautions: None.

Section 9

SPECIAL PROTECTION INFORMATION

Ventilation Requirements: GENERAL AREA EXHAUST - LOCAL EXHAUST - Not Necessary.

Under Normal Use Conditions: Personal Protection equipment recommended for normal use conditions.

Eye Protection Type: None.

Skin Protection Type: None.

Respiratory Protection Type: None.

Section 10

SPECIAL PRECAUTIONS

Do not store or ship product in freezing conditions (at or below 32 degrees F) and do not store or ship product in elevated temperatures (above 100 degrees F) ideal storage/shipping temperature range is between 40 degrees F and 70 degrees F. Do not store under unsanitary conditions. Do not insert unsanitary objects into product.

Section 11

TOXICOLOGICAL INFORMATION

EYE: Flush with Water SKIN: Non Applicable INGESTION: Consult Physician

Section 12

DISCLAIMER

The information supplied herein relates to the product named and based upon information Advanced Aesthetics, Inc. considers to be accurate. NO WARRANTY, EXPRESSED OR IMPLIED, IS INTENDED. This information is offered solely for your consideration and interpretation.

Section 4

FIRST AID MEASURES

EYES - No adverse effects are expected under anticipated conditions of normal use. Flush eyes with water as a precaution. Get medical attention if symptoms occur. SKIN - No adverse effects are expected under anticipated conditions of normal use. Get medical attention if symptoms occur. INHALATION - No adverse effects are expected under anticipated conditions of normal use. Get medical attention if symptoms occur. INGESTION - No adverse effects are expected under anticipated conditions of normal use. Do not induce vomiting. Get medical attention if symptoms occur.

Section 5

FIRE AND EXPLOSION HAZARD DATA

Flash Point: Data not available.

Flammable Limits in Air by Volume - LOWER: Data not available. **UPPER:** Data not available.

Recommended Extinguishing Media: Data not available. Use agent most appropriate to extinguish surrounding fire.

Special Firefighting Procedures: Wear full protective clothing including a self-contained breathing apparatus.

Unusual Fire and Explosion Hazard: Data not available.

Section 6

ACCIDENTAL RELEASE MEASURES

Wipe, scrape or soak up in an inert material and put in a container for disposal. Wash walking surfaces with detergent and water to reduce slipping hazard. Dispose of in compliance with federal, state and local regulations.

Section 7

PRECAUTIONS FOR SAFE HANDLING AND USE

Keep containers closed in a cool, well ventilated space. Avoid eye contact. Observe all federal, state, and local regulations regarding disposal.

Section 8

CONTROL MEASURES

Respiratory Protection: No special requirements.

Ventilation: Not Required.

Protective Gloves: Not Required.

Eye Protection: Keep away and out of eyes. If irritation occurs, rinse with running luke warm water for five minutes.

Other Protective Clothing or Equipment: SUNBURN ALERT - Make sure to wear protective clothing when out in the sun and make sure to wear sun screen.

Section 2

HAZARDOUS INGREDIENTS/ SARA III INFORMATION

Potential Acute Health Effects:

Very hazardous in case of skin contact (irritant), of eye contact (irritant), of ingestion, of inhalation. Slightly hazardous in case of skin contact (corrosive), of eye contact (corrosive). Liquid or spray mist may produce tissue damage particularly on mucous membranes of eyes, mouth and respiratory tract. Skin contact may produce burns. Inhalation of the spray mist may produce severe irritation of respiratory tract, characterized by coughing, choking, or shortness of breath. Inflammation of the eye is characterized by redness, watering, and itching. Skin inflammation is characterized by itching, scaling, reddening, or, occasionally, blistering.

Potential Chronic Health Effects:

CARCINOGENIC EFFECTS: Not available. MUTAGENIC EFFECTS: Not available. TERATOGENIC EFFECTS: Not available. DEVELOPMENTAL TOXICITY: Not available. Repeated or prolonged contact with spray mist may produce chronic eye irritation and severe skin irritation. Repeated or prolonged exposure to spray mist may produce respiratory tract irritation leading to frequent attacks of bronchial infection.

Section 3

COMPOSITION INFORMATION

Inci Name

Water
Lactic Acid
Aloe Barbadensis Leaf Juice
Chamomilla Recutita (Matricaria) Flower Extract
Hydroxyethylcellulose
Arctostaphylos Uva Ursi Leaf Extract
Rosmarinus Officinalis (Rosemary) Leaf Extract
Sodium Hydroxide
Propylene Glycol
Diazolidinyl Urea
Iodopropynyl Butylcarbamate
Cananga Odorata (Ylang Ylang) Aromatic Flower Extract
Annatto

Section 4

FIRST AID MEASURES

EYES - Immediately flush eyes with plenty of cool water for at least 15 minutes. Should irritation develop, seek professional medical attention. SKIN - Not expected to present a significant skin hazard under anticipated conditions of normal use. INHALATION - Not expected to require first aid procedures. If breathing is difficult, give oxygen and get medical attention. INGESTION - Not expected to present a significant ingestion hazard under anticipated conditions of normal use. For ingestion of large quantities, call a physician.

Section 5

FIRE AND EXPLOSION HAZARD DATA

Eye Contact:

Check for and remove any contact lenses, immediately flush eyes with plenty of water for at least 15 minutes. Cold water may be used. Get medical attention immediately.

Skin Contact:

In case of contact, immediately flush skin with plenty of water for at least 15 minutes while removing contaminated clothing and shoes. Cover the irritated skin with an emollient. Cold water may be used. Wash clothing before reuse. Thoroughly clean shoes before reuse. Get medical attention immediately.

Serious Skin Contact:

Wash with disinfectant soap and cover the contaminated skin with an anti-bacterial cream. Seek medical attention.

Inhalation:

If inhaled, remove to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give oxygen. Get medical attention.

Serious Inhalation:

Evacuate the victim to a safe area as soon as possible. Loosen tight clothing such as a collar, tie, belt or waistband. If breathing is difficult, administer oxygen. If the victim is not breathing, perform mouth-to-mouth resuscitation. WARNING: It may be hazardous to the person providing aid to give mouth-to-mouth resuscitation when the inhaled material is toxic, infectious or corrosive. Seek immediate medical attention.

Ingestion:

Do NOT induce vomiting unless directed to do so by medical personnel. Never give anything by mouth to an unconscious person. Loosen tight clothing such as a collar, tie, belt or waistband. Get medical attention if symptoms appear.

Serious Ingestion:

Not available.

Section 6

ACCIDENTAL RELEASE MEASURES

For Small Spills & Leaks:

Absorb with an inert material material and put spilled material in appropriate waste disposal.

For Large Spills:

Dispose of in compliance with federal, state and local regulations.

Section 7

PRECAUTIONS FOR SAFE HANDLING AND USE

Steps to be taken in case material is released or spilled: Any spills should be cleaned up immediately. Waste disposal method: observe all federal, state, and local regulations regarding disposal.

Other Precautions: none known.

Section 8

CONTROL MEASURES

Respiratory Protection: No special requirements.

Ventilation: Non Applicable.

Protective Gloves: Non Applicable.

Eye Protection: Non Applicable.

Other Protective Clothing or Equipment: Non Applicable.

Section 9

PHYSICAL CHARACTERISTICS

Water Solubility: Soluble.

pH @ 25 C: 2.8 - 3.4.

Boiling Point:>100C.

Vapor Pressure (mmHG): Not available.

Physical Form: Gel.

Odor: Characteristic.

Evaporation Rate (IP=1): Not available.

Specific Gravity (Water=1): Not available.

Appearance: Clear/Colorless to Pale Yellow.

Melting Point: Not available.

Vapor Density (AIR=1): Not available.

Percent Volatile by Weight: Not available.

Flash Point: Not available.

Section 10

STABILITY AND REACTIVITY

Stability: Stable.

Conditions to Avoid: Eye contact and ingestion.

Incompatibility: Non applicable.

Hazardous Decomposition Products: None.

Hazardous Polymerization: Will not occur.

Section 11

TOXICOLOGICAL INFORMATION

Routes of Entry: Absorbed through skin. Eye contact. Inhalation. Ingestion.

Toxicity to Animals: Acute oral toxicity (LD50): 3543 mg/kg [Rat (Lactic Acid (CAS no. 50-21-5))].

Chronic Effects on Humans: Not available.

Other Toxic Effects on Humans: Very hazardous in case of skin contact (irritant), of ingestion, of inhalation. Slightly hazardous in case of skin contact (corrosive), of eye contact (corrosive).

Special Remarks on Toxicity to Animals: L-Lactic Acid: Lethal Dose/Conc 50% Kill: LD50[Mouse] - Route: Intraperitoneal; Dose: 3194 mg/kg.

Special Remarks on Chronic Effects on Humans: May cause adverse reproductive effects and birth defects (teratogenic) based on animal test data. No human data found.

Other Toxic Effects on Humans: Acute Potential Health Effects: SKIN: Corrosive. Causes severe irritation. May have corrosive effects, producing skin burns. EYES: Corrosive. Causes severe irritation. May cause redness, pain, blurred vision, eye burns and eye/corneal damage. INHALATION: Inhalation of vapors may be corrosive to mucous membranes of respiratory tract. Symptoms may include, headache, sore throat, coughing, and shortness of breath. INGESTION: Corrosive. Causes burns of the digestive tract (mouth, throat, and stomach). May cause diarrhea, nausea, vomiting, perspiration, and shortness of breath. Severe cases may product cyanosis and vascular collapse.

Section 12

ECOLOGICAL INFORMATION

To the best of our knowledge, this product is not a toxic or ecological risk.

DEGRADABILITY: Not available. BIOACCUMULATION: Not available. ECOTOXICITY: Not available.

Section 13

DISPOSAL CONSIDERATIONS

Waste must be disposed of in accordance with federal, state, and local environmental control regulations.

Section 14

TRANSPORT INFORMATION

Not a D.O.T. controlled material (U.S.). This product is not dangerous according to transportation regulations.

Section 15

REGULATORY INFORMATION

For topical cosmetic use only.

Hazardous Material Identification System Ratings (HMIS):

FEDERAL AND STATE REGULATIONS: TSCA 8(b) inventory: L-(+)-Lactic acid

Other Regulations:

OSHA: Hazardous by definition of Hazard Communication Standard (29 CFR 1910.1200). EINECS: This product is on the European Inventory of Existing Commercial Chemical Substances.

OTHER CLASSIFICATIONS:

WHMIS (Canada): CLASS E: Corrosive liquid.

DSCG (EEC):

R37/38- Irritating to respiratory system and skin. R41- Risk of serious damage to eyes. S26- In case of contact with eyes, rinse immediately with plenty of water and seek medical advice. S28- After contact with skin, wash immediately with plenty of water. S36/37/39- Wear suitable protective clothing, gloves and eye/face protection. S46- If swallowed, seek medical advice immediately and show this container or label.

HMIS (U.S.A.):

HEALTH HAZARD: 3 Fire Hazard: 1 Reactivity: 0

PERSONAL PROTECTION:

National Fire Protection Association (U.S.A.):

Chemical Name/Synonym: Mixture.
Chemical Family: Astringent.
Chemical Formula: N/A.
C.A.S. Number: None.
Label Requirements: D.O.T - None D.O.T. SHIPPING NAME - None.

Section 3

HAZARDOUS INGREDIENTS/IDENTITY INFORMATION

Jessner Peel Solution is a unique blend of non-hazardous chemical ingredients.

Section 4

PHYSICAL/CHEMICAL CHARACTERISTICS

| | |
|---|--|
| Appearance: Slightly Amber Clear Liquid. | Vapor Pressure (mm Hg): Not Measured. |
| Odor: Slight. | Vapor Density (Air=1): >1. |
| Boiling Point: ~100C. | Solubility in Water: Slightly. |
| Specific Gravity: 0.96 – 0.98. | Melting Point: 55C. |
| Percent Volatiles at 70 Degrees F: Not Measured. | Evaporation Rate: >1. |

Section 5

FIRE AND EXPLOSION HAZARD DATA

Flash Point (Method Used): N/A.
Flammable Limits: N/A.
Extinguishing Media: Jessner Peel Solution will not support combustion.
Unusual Fire or Explosion Hazards (Conditions to Avoid): None Known.
Special Fire Fighting Procedures: Use protective clothing and self contained breathing apparatus.

Section 6

REACTIVITY DATA

Stable: Yes.

Unstable: INCOMPATIBLE MATERIALS (MATERIALS TO AVOID) - None HAZARDOUS DECOMPOSITION OR BYPRODUCTS - None HAZARDOUS POLYMERIZATION - Will Not Occur.

Section 7

HEALTH HAZARD DATA

Routes of Entry: Skin

Non Carcinogenic Signs and Symptoms of Overexposure: None.

Medical Conditions and Generally Aggravated by Exposure: Sensitive Skin.

Emergency and First Aid Procedures: EYES - In case of contact, immediately flush with plenty of low pressure water for at least 15 minutes. Remove contact lens, thoroughly flush. If stinging persists, call physician.

Section 8

HANDLING PRECAUTIONS/FIRST AID RECOMMENDATIONS

Steps to Take if Spilled: Jessner Peel Solution is completely biodegradable. Spills can be flushed with a copious amount of water into the nearest municipal sewage system.

Waste Disposal: In accordance with local, state and federal regulations for non-hazardous biodegradable products.

Precautions to be Taken in Handling and Storing: Store in an upright position and avoid spills. Maintain good housekeeping and safe manufacturing procedures at all times.

Other Precautions: None.

Section 9

SPECIAL PROTECTION INFORMATION

Ventilation Requirements: GENERAL AREA EXHAUST - LOCAL EXHAUST - Not Necessary.

Under Normal Use Conditions: X Personal Protection equipment recommended for normal use conditions.

Eye Protection Type: None.

Skin Protection Type: None.

Respiratory Protection Type: None.

Section 10

SPECIAL PRECAUTIONS

Do not store or ship product in freezing conditions (at or below 32 degrees F) and do not store or ship product in elevated temperatures (above 100 degrees F) ideal storage/shipping temperature range is between 40 degrees F and 70 degrees F. Do not store under unsanitary conditions. Do not insert unsanitary objects into product.

Section 11

TOXICOLOGICAL INFORMATION

EYE: Flush with Water SKIN: Non Applicable INGESTION: Consult Physician

Section 12

Extinguishing Media: Professional 5 Berry Solution with 7% TCA will not support combustion.

Unusual Fire or Explosion Hazards (Conditions to Avoid): None Known.

Special Fire Fighting Procedures: Use protective clothing & self contained breathing apparatus.

Section 6

REACTIVITY DATA

Stable: Yes.

Unstable: INCOMPATIBLE MATERIALS (MATERIALS TO AVOID) - None HAZARDOUS DECOMPOSITION OR BYPRODUCTS - None HAZARDOUS POLYMERIZATION - Will Not Occur.

Section 7

HEALTH HAZARD DATA

Routes of Entry: Skin

Non Carcinogenic Signs and Symptoms of Overexposure: None.

Medical Conditions and Generally Aggravated by Exposure: Sensitive Skin.

Emergency and First Aid Procedures: EYES - In case of contact, immediately flush with plenty of low pressure water for at least 15 minutes. Remove contact lens, thoroughly flush. If stinging persists, call physician.

Section 8

HANDLING PRECAUTIONS/FIRST AID RECOMMENDATIONS

Steps to Take if Spilled: Professional 5 Berry Solution with 7% TCA is completely biodegradable. Spills can be flushed with a copious amount of water into the nearest municipal sewage system.

Waste Disposal: In accordance with local, state and federal regulations for non-hazardous biodegradable products.

Precautions to be Taken in Handling and Storing: Store in an upright position and avoid spills. Maintain good housekeeping and safe manufacturing procedures at all times.

Other Precautions: None.

Section 9

SPECIAL PROTECTION INFORMATION

Ventilation Requirements: GENERAL AREA EXHAUST - LOCAL EXHAUST - Not Necessary.

Under Normal Use Conditions: Personal Protection equipment recommended for normal use conditions.

Eye Protection Type: None.

Skin Protection Type: None.

Respiratory Protection Type: None.

Section 10

SPECIAL PRECAUTIONS

Do not store or ship product in freezing conditions (at or below 32 degrees F) and do not store or ship product in elevated temperatures (above 100 degrees F) ideal storage/shipping temperature range is between 40 degrees F and 70 degrees F. Do not store under unsanitary conditions. Do not insert unsanitary objects into product.

Section 11

TOXICOLOGICAL INFORMATION

EYE: Flush with Water for 15 Mintues SKIN: Non Applicable INGESTION: Consult Physician

Section 12

DISCLAIMER

The information supplied herein relates to the product named and based upon information Advanced Aesthetics, Inc. considers to be accurate. NO WARRANTY, EXPRESSED OR IMPLIED, IS INTENDED. This information is offered solely for your consideration and interpretation.

PROFESSIONAL VITAMIN A SOLUTION

glymed⁺

with 10% TCA

Material Safety Data Sheet
Product SKU: US-GM-099

Section 2

HAZARDOUS INGREDIENTS/ SARA III INFORMATION

Potential Acute Health Effects: Very hazardous in case of skin contact (irritant), of eye contact (irritant), of ingestion, of inhalation, slightly hazardous in case of skin contact (corrosive), of eye contact (corrosive). Liquid or spray mist may produce tissue damage particularly on mucous membranes of eyes, mouth and respiratory tract. Skin contact may produce burns. Inhalation of the spray mist may produce severe irritation of respiratory tract, characterized by coughing, choking, or shortness of breath. Inflammation of the eye is characterized by redness, watering, and itching. Skin inflammation is characterized by itching, scaling, reddening, or, occasionally, blistering.

Potential Chronic Health Effect: CARCINOGENIC EFFECTS: Not available. MUTAGENIC EFFECTS: Not available. TERATOGENIC EFFECTS: Not available. DEVELOPMENTAL TOXICITY: Not available. Repeated or prolonged contact with spray mist may produce chronic eye Irritation and severe skin irritation. Repeated or prolonged exposure to spray mist may produce respiratory tract irritation leading to frequent attacks of bronchial infection..

Section 3

COMPOSITION INFORMATION

Inci Name

| | |
|--|---|
| Water | Camellia Sinensis (Green Tea) Leaf Extract |
| Glycolic Acid | Yeast Extract |
| Trichloroacetic Acid | Ascorbic Acid |
| Cyclodextrin | Vaccinium Macrocarpon (Cranberry) Seed Powder |
| Retinol | Lactobacillus/Pumpkin Ferment Extract |
| Lactic Acid | Xanthan Gum |
| Malic Acid | Ethylhexylglycerin |
| Glycyrrhiza Glabra (Licorice) Root Extract | Phenoxyethanol |
| Arctostaphylos Uva-Ursi-Leaf (Bearberry) Extract | Sodium Hydroxide |

Section 4

FIRST AID MEASURES

EYES - Immediately flush eyes with plenty of cool water for at least 15 minutes. Should irritation develop, seek professional medical attention. SKIN - Not expected to present a significant skin hazard under anticipated conditions of normal use. INHALATION - Not expected to require first aid procedures. If breathing is difficult, give oxygen and get medical attention. INGESTION - Not expected to present a significant ingestion hazard under anticipated conditions of normal use. For ingestion of large quantities, call a physician.

Section 5

FIRE AND EXPLOSION HAZARD DATA

EYES - Check for and remove any contact lenses. In case of contact, immediately flush eyes with plenty of water for at least 15 minutes. Cold water may be used. Get medical attention immediately. SKIN - In case of contact, immediately flush skin with plenty of water for at least 15 minutes while removing contaminated clothing and shoes. Cover the irritated skin with an emollient. Cold water may be used. Wash clothing before reuse. Thoroughly clean shoes before reuse. Get medical attention immediately. SERIOUS SKIN CONTACT - Wash with a disinfectant soap and cover the contaminated skin with an anti-bacterial cream. Seek medical attention. INHALATION - If inhaled, remove to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give oxygen. Get medical attention. SERIOUS INHALATION - Evacuate the victim to a safe area as soon as possible. Loosen tight clothing such as a collar, tie, belt or waistband. If breathing is difficult, administer oxygen. If the victim is not breathing, perform mouth-to-mouth resuscitation. WARNING: It may be hazardous to the person providing aid to give mouth-to-mouth resuscitation when the inhaled material is toxic, infectious or corrosive. Seek immediate medical attention. INGESTION - Do NOT induce vomiting unless directed to do so by medical personnel. Never give anything by mouth to an unconscious person. Loosen tight clothing such as a collar, tie, belt or waistband. Get medical attention if symptoms appear. SERIOUS INGESTION - Not available.

Section 6

ACCIDENTAL RELEASE MEASURES

For Small Spills & Leaks: Absorb with an inert material and put spilled material in appropriate waste disposal.

For Large Spills: Dispose of in compliance with federal, state and local regulations.

Section 7

PRECAUTIONS FOR SAFE HANDLING AND USE

Steps To Be Taken In Case Material Is Released Or Spilled: Any spills should be cleaned up immediately.

Waste Disposal Method: Observe all federal, state, and local regulations regarding disposal.

Other Precautions: None Known.

Section 8

CONTROL MEASURES

Respiratory Protection: No special requirements.

Ventilation: Non Applicable.

Protective Gloves: Non Applicable.

Eye Protection: Non Applicable.

Other Protective Clothing or Equipment: Non Applicable.

Section 9

PHYSICAL CHARACTERISTICS

Water Solubility: Soluble.

pH @ 25 C: 2.2-2.8.

Boiling Point: >100 C.

Vapor Pressure (mmHG): Not Available.

Physical Form: Viscous Liquid.

Odor: Characteristic.

Evaporation Rate: Not Available.

Specific Gravity (Water=1): Not Available.

Appearance: Yellow.

Melting Point: Not Available.

Vapor Density (Air=1): Not Available.

Percent Volatile by Weight: Not Available.

Flash Point: N/A.

Section 10

STABILITY AND REACTIVITY

Stability: Stable.

Conditions to Avoid: Eye Contact and Ingestion.

Incompatibility: Non Applicable.

Hazardous Decomposition Products: None.

Hazardous Polymerization: Will Not Occur.

Section 11

TOXICOLOGICAL INFORMATION

Routes of Entry: Absorbed through skin. Eye contact. Inhalation. Ingestion.

Toxicity to Animals: Acute oral toxicity (LD50): 3543 mg/kg [Rat (Lactic Acid (CAS no. 50-21-5))].

Chronic Effects on Humans: Not available.

Other Toxic Effects on Humans: Very hazardous in case of skin contact (irritant), of ingestion, of inhalation. Slightly hazardous in case of skin contact (corrosive), of eye contact (corrosive).

Special Remarks on Toxicity to Animals: L-Lactic Acid: Lethal Dose/Conc 50% Kill: LD50[Mouse] - Route: Intraperitoneal; Dose: 3194 mg/kg

Special Remarks on Chronic Effects on Humans: May cause adverse reproductive effects and birth defects (teratogenic) based on animal test data. No human data found.

Special Remarks on other Toxic Effects on Humans: ACUTE POTENTIAL HEALTH EFFECTS - SKIN: Corrosive. Causes severe irritation. May have corrosive effects, producing skin burns. EYES: Corrosive. Causes severe irritation. May cause redness, pain, blurred vision, eye burns and eye/corneal damage. INHALATION: Inhalation of vapors may be corrosive to mucous membranes of respiratory tract. Symptoms may include, headache, sore throat, coughing, and shortness of breath. INGESTION: Corrosive. Causes burns of the digestive tract (mouth, throat, and stomach). May cause diarrhea, nausea, vomiting, perspiration, and shortness of breath. Severe cases may product cyanosis and vascular collapse.

Section 12

ECOLOGICAL INFORMATION

To the best of our knowledge, this product is not a toxic or ecological risk.

DEGRADABILITY: Non Applicable. BIOACCUMULATION: Non Applicable. ECOTOXICITY: Non Applicable.

Section 13

DISPOSAL CONSIDERATIONS

Must be disposed of in accordance with federal, state, and local environmental control regulations.

Section 14

TRANSPORT INFORMATION

Not a D.O.T. controlled material (U.S.) This product is not dangerous according to transportation regulations.

Section 15

REGULATORY INFORMATION

For Topical Cosmetic Use Only

Hazardous Material Identification System Ratings (HMIS):

Federal and State Regulations: TSCA 8(b) inventory: L-(+)-Lactic acid

Other Regulations:

OSHA: Hazardous by definition of Hazard Communication Standard (29 CFR 1910.1200). EINECS: This product is on the European Inventory of Existing Commercial Chemical Substances.

Other Classifications:

WHMIS (Canada): CLASS E: Corrosive liquid.

DSCL (EEC):

R37/38- Irritating to respiratory system and skin. R41- Risk of serious damage to eyes. S26- In case of contact with eyes, rinse immediately with plenty of water and seek medical advice. S28- After contact with skin, wash immediately with plenty of water. S36/37/39- Wear suitable protective clothing, gloves and eye/face protection. S46- if swallowed, seek medical advice immediately and show this container or label.

HMIS (U.S.A.):

Health Hazard: 3

Fire Hazard: 1

Reactivity: 0

Personal Protection:

National Fire Protection Association (U.S.A.):

Health: 3

Flammability: 1

Reactivity: 0

Specific hazard:

Protective Equipment:

Gloves. Full suit. Vapor respirator. Be sure to use an approved/certified respirator or equivalent. Wear appropriate respirator when ventilation is inadequate. Face shield.
