

Protocol

LED + Chemical Peel Treatment

Description:

Combine the power of LED Light Therapy with the exfoliation of a chemical peel to activate skin at a cellular level. Chemical peels help to normalize cell functions while removing dead skin build up on the surface. LED light therapy makes the perfect companion in this treatment to help reduce inflammation and stimulate the formation of collagen and elastin for baby like skin.

CLEANSE

1. Dispense 1 pump of **Mega-Purifying Cleanser** to dry palms and apply to dry skin, massaging for 1-2 minutes. Add water for slip, rinse with warm water.
2. Dispense 1 pump of **Gentle Facial Wash** to palms and emulsify with water to create foam. Massage for 1-2 minutes, avoiding eye area, rinse with warm water.

TREAT

3. Dispense **Lactic Action Pre-Treatment Solution** to small dish. Apply to skin using a saturated 4x4 woven gauze to remove all lipids from the surface.
4. Apply **Cell Protection Balm** to sensitive areas (i.e., corners of eyes, nose, and lips).
5. Apply your peel of choice to small dish. Apply evenly to skin using a saturated 4x4 woven gauze. Use peel according to directions. Fan may be used to cool skin. Remove with cool towels.
6. Mist skin with **Skin Recovery Mist**.
7. Apply **Living Cell Clarifier** and **Skin Restoring Fulvic Elixir**. Dispense 1 pump of each serum to palms and apply to face, neck, and décolleté.

BALANCE

8. Apply **Ultra Hydro Gel** and **Cell Protection Serum**. Dispense 1-2 pumps and apply to face, neck, and décolleté.
9. Apply a small, grain size amount of **Anti-Wrinkle Eye Cream** to entire eye area and massage until absorbed.
10. Boost regenerative healing with LightStim LED light therapy. If using a panel, bring as close to the face as possible for 20 minutes. If using a hand-held, section off the face into 10 zones and hold for 2 minutes per zone.

PROTECT

11. Finish with **Photo-Age Environmental Protection Gel 15**. Apply a small pea size amount to face, neck, and décolleté and any other areas exposed to UVA/UVB Rays.

Recommended Treatment Time: 60 minutes
